English

Experience

Frontend Web Developer – Personal Projects
Self-employed / Remote | 2025 – Present

• Developed City Vapes Store: E-commerce prototype with interactive product cards and responsive layout.

• Built Admin Dashboard & Login Platform: Modern SaaS admin interface with charts, user management, and authentication.

• Created Prop Firm Website: Simple and clean front-end prototype for a financial startup.

• Implemented responsive design and cross-browser compatibility for all projects.

• Used HTML5, CSS3, JavaScript, and React to deliver polished user experiences.

Education

Arab international university (2024)

Bachelor's Degree in Computer Engineering (in progress)

• Currently studying core computer engineering subjects including programming, web development, and software design.

• Gaining hands-on experience in HTML, CSS, JavaScript, and 3D/Frontend projects.
